Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Skagit County as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited United Way of Skagit County's financial statements for the year ended June 30, 2020, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 28, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 14 and 15 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information on pages 14 and 15 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information on pages 14 and 15 is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

June 30, 2021 and 2020

Note 1 – Summary of Significant Accounting Policies

Organization – United Way of Skagit County (UWSC) is a Washington non-profit corporation, incorporated June 14, 1963, and governed by a volunteer board of directors. The mission statement is “Uniting Skagit County to build a positive and sustainable quality of life for all.” UWSC is committed to creating opportunities in the community so that all children and families have the same chances to succeed in school and in life. UWSC envisions a community where all individuals and families achieve their potential and where all children receive a quality education that offers a pathway to a brighter tomorrow.

Working with dozens of cross-sector partnerships, UWSC is focused primarily on early childhood development but also works with families to improve their financial stability. In addition, UWSC provides grants and works with community partners to provide basic needs of food, shelter, health and safety. Basic needs services are vital to individuals with chronic conditions and for individuals and families in crisis needing temporary support.

Basis of accounting – UWSC prepares its financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; accordingly, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Basis of presentation – Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of UWSC and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and over which the Board of Directors has discretionary control are classified as net assets without donor restrictions.

Net assets with donor restrictions – Net assets subject to donor-imposed restrictions that will be met either by actions of UWSC or the passage of time, including contributions that have been restricted by the donor that stipulate the resources be maintained in perpetuity, but permit the organization to use or expend part of all of the income derived from the donated assets for either specific or unspecific purposes.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of net assets with donor restrictions (i.e., the donor stipulated purpose has been fulfilled or the stipulated time period has lapsed) are reported as reclassifications between the applicable classes of net assets. Contributions that are restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which the contributions are recognized.

Cash and cash equivalents – Cash and cash equivalents consist of cash held in checking and savings accounts, a short-term certificate of deposit, and cash on hand. For purposes of the statement of cash flows, UWSC considers all highly liquid unrestricted investments with an initial maturity of three months or less to be cash equivalents. UWSC maintains its cash in bank accounts that may exceed federal insured limits at times during the year. UWSC has not experienced any losses in these accounts, and management does not believe it is exposed to any significant credit risk.

Notes to Financial Statements

June 30, 2021 and 2020

Note 1 – Summary of Significant Accounting Policies – (Continued)

Certificates of deposit – UWSC holds certificates of deposit valued at cost plus accrued interest.

Unconditional promises to give, net – Unconditional promises to give, which include contributions and grants, are recognized as revenues in the period the unconditional promise is made. Conditional promises to give are not recognized until such time as the conditions are substantially met. Contributions of noncash assets are recognized at their estimated fair value on the date of contribution. Contributions to be collected in future years are recorded at fair value when the promise is made based on a discounted cash flow model. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

An allowance for uncollectible accounts is recorded using an estimated percentage of outstanding contributions receivable. This estimate is compared to historical averages to determine its reasonableness.

Gross campaign results – Consistent with industry practice, UWSC presents gross campaign results and donor designations as supplementary information. Gross campaign results consist of funds raised as a result of UWSC's fundraising efforts during the normal course of its campaigns, including donor designated amounts. This includes pledges processed by third-party processors where the involvement of UWSC in workplace campaigns is considered to be significant. Amounts raised that are designated by the donor to nonprofit organizations other than UWSC, are deducted from total campaign results to arrive at net campaign revenue, as UWSC does not retain variance power. If a workplace which uses a third-party processor elects not to report its total campaign results to UWSC, its designated amounts raised are not included in the UWSC's campaign results.

Contributions – Unconditional promises to give are recognized as contributions in the period the promise is made. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. Contributions received are recorded as donor-restricted support depending on the existence and/or nature of any donor restrictions.

Property and equipment – Property and equipment are recorded at cost or, if acquired as a donation, at fair market value at the date of donation. Assets with a useful life greater than one year and cost over \$2,500 are capitalized. Depreciation is computed using the straight-line method, over the estimated useful lives of the assets (typically five years).

Donor designated allocations payable – Funds are distributed for not-for-profit agencies in accordance with donor instructions. To be eligible to receive these funds, a not-for-profit organization must have been granted exemption under sections 501 (c) (3) and 509 (a) of the Internal Revenue Code and must comply with U.S. Patriot Act requirements and not be on the Internal Revenue Service's Revocation List.

Federal income tax – UWSC is a non-profit organization, which is exempt from federal income taxation under Section 501 (c) (3) of the Internal Revenue Code and is classified as an organization that is not a private foundation under Section 509 (a) (20) of the Internal Revenue Code. UWSC's Form 990 federal information return is subject to audit for a period of three years after filing.

Notes to Financial Statements

June 30, 2021 and 2020

Note 1 – Summary of Significant Accounting Policies – (Continued)

Donated goods and services – Donated goods and services are recorded at fair value on the date of receipt. Donated services are recognized at their fair values only if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. In addition to donated services recognized, a substantial number of volunteers have donated significant amounts of their time in UWSC's program services and its fund raising campaigns.

Advertising – UWSC's policy is to expense advertising costs as incurred. Advertising expenses paid were \$10,650 and \$3,974 for the years ended June 30, 2021 and 2020, respectively. Additionally, a significant portion of advertising is received as an in-kind donation.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations – Contributions from one donor made up 13% of total revenue for the years ended June 30, 2021 and 2020. A pledge from one donor made up 12% and 22% of total unconditional promises to give at June 30, 2021 and 2020, respectively.

Functional allocation of expenses – Costs of providing programs and activities are summarized by functional category in the accompanying statement of activities and statement of functional expenses. Costs are directly allocated where possible and certain expenses not directly related to a particular function are allocated based upon the percentage of time devoted to the benefited activities or on other appropriate methods. UWSC complies with United Way Worldwide standards established for donor designated deductions.

Comparative financial information – The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with UWSC's financial statements for the year ended June 30, 2020, from which the summarized information was derived.

Reclassifications – Certain reclassifications have been made to the prior year's financial statements to conform to the current year's presentation.

Subsequent events – In preparing these financial statements, UWSC has evaluated events and transactions for potential recognition or disclosure through November 10, 2021, the date the financial statements were available to be issued.

As of June 30, 2021 and 2020, the reserves were at least 25% of budget. The operating reserves allow UWSC to manage cash flow interruptions, meet commitments, obligations or other contingencies, minimize the need for short-term borrowing for working capital, provide flexibility for organizational growth, and generate investment income.

UWSC entered into a capital lease for equipment commencing July 6, 2018. The lease agreement is for five years and expires July 5, 2023. Notes to Financial Statements

June 30, 2021 and 2020

Note 9 – Deferred Revenue

In May 2020, UWSC received a \$60,500 loan from the Federal Paycheck Protection Program (the “PPP”) under the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”), which was enacted March 27, 2020. Under the terms of the PPP, PPP loans and accrued interest are forgivable after twenty-four weeks as long as the borrower uses the loan proceeds for eligible purposes. UWSC believes that it has met the PPP eligibility criteria for forgiveness and has concluded that the loan represents, in substance, a government grant that is expected to be forgiven. As Accounting Principles Generally Accepted in the United States of America do not contain guidance for UWSC’s accounting of government grants, the Company is following the guidance in International Accounting Standards (IAS) 20, Accounting for Government Grants and Disclosure of Government Assistance. Under IAS 20, government grants are recognized in income as required activities are undertaken. Accordingly, UWSC has recognized the entire PPP loan amount as Other Income for the year ending June 30, 2021, and no liability for the PPP loan is reflected in the balance sheet as of June 30, 2021. Subsequent to year-end, in July 2021, the loan was forgiven in full by the United States Small Business Administration.

Note 10 – Risks and Uncertainties

UWSC is subject to risks and uncertainties as a result of the COVID-19 pandemic. The extent of the impact of the COVID-19 pandemic on UWSC’s business is uncertain and difficult to predict. The Organization’s operational and financial performance will depend on future developments, including the duration of the outbreak, operational limitations imposed by federal, state and local governments with respect to physical distancing measures, and demand for the organization’s services. All the effects of the COVID-19 pandemic could have a significant adverse effect on UWSC’s operations. Although the ultimate severity of the COVID-19 pandemic is uncertain at this time, UWSC has implemented several new initiatives to adapt operations to the current environment.

Note 11 – Recent Accounting Pronouncement

In February 2016, the FASB issued ASU 2016-02, *Leases*, which requires lessees to record most leases with terms greater than 12 months on their balance sheet by recognizing a liability to make lease payments and an asset representing their right to use the asset during the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election, by class of underlying asset, not to recognize the corresponding assets and lease liabilities. Lessee recognition, measurement, and presentation of expenses and cash flows will not change significantly from existing guidance and lessor accounting is largely unchanged. ASU 2016-02 also changes the definition of a lease and requires qualitative and quantitative disclosures that provide information about the amount, timing, and uncertainty of cash flows arising from leases. Application is required for annual periods beginning after December 15, 2021. UWSC continues to evaluate the impact of the new accounting guidance on its financial statements.
